

Year 2/3: Hickling

Homework Challenges ~ Spring 1~ Enough for Everyone

	Challenge	Date Completed	Parental Comment
1	Keep a diary for one week listing where your food comes from~ countries rather than shops		
2	Design a water saving system for your home (draw and label~ no need to make)		
3	Design and make a robot (from recycled materials) that will help with reducing your carbon footprint.		
4	Draw a bar chart or pictogram to show the electrical usage in your home in one week. With an adult read your electrical meter each day. Ask for a template if you need one.		
5	Write a list of 5 ways that you are going to help your family reduce their carbon footprint.		
6	Practise counting 0-10 in French		
7	Earn 10 gold bars on mathematics
