Head Teacher: Mrs Sharon Nour

---

19<sup>th</sup> December 2014

Dear Parents,

We have received more reports that head lice are still around in Hickling class. In order to stop the cycle, every parent will need to check their child's hair on a regular basis. With the Christmas holidays about to start, this is the perfect opportunity for everyone to regularly check and treat when required. We may then be able to stop the cycle. Combs are available from the office if needed or they are available from all supermarkets.

We would also advise long hair to be tied up during the school day as this is another way of stopping the spread.

Kind regards

Mrs Jarrett

School Secretary
